

CARBONDALE WARMING CENTER

We are working on opening a temporary warming center. We have most of the logistics worked out, but we need donations to sustain this project this winter. It's cold outside! Can you help?The Carbondale Warming Center Committee is comprised of local organizations, including the City of Carbondale, Southern Illinois Coalition for the Homeless, Good Samaritan, Carbondale Interfaith Council, Jackson County Health Department, Centerstone, Sparrow Coalition, the SIU Clinical Center, Carbondale Public Library, as well as other organizations and individuals.Funds will be used to cover costs such as: paid staff, installation and rental of temporary facilities, utilities, incidentals. Volunteers will be a vital part of this effort as well!Funds have been secured to open the temporary warming center; however, we need monetary contributions to cover the cost for paid staff and to sustain these efforts for the remainder of winter.
