

Introducing a new paradigm in poverty reduction  
from the Social Ventures Foundation:

# ENDPOVERTY 2017 Business Summit

## ENDPOVERTY VIRTUAL SUMMIT

The Social Ventures Foundation identifies, promotes, and facilitates the investment in companies that have products and services that sustainably lift the livelihoods of the poor. (Read more about us at [socialventuresfoundation.org!!](http://socialventuresfoundation.org!!)) We are looking to raise \$7,500 to help support the costs of the summit, which serves as the 'promotional' branch of our mission. Our goal is to organize these summits at least annually. We can use all the love and support we can get! Any amount is supremely helpful at this stage in our life and is greatly appreciated!
