

## HELP BRING COCO HOME!

We are raising money to help bring Kristine Hass home to her family. Kristine "Coco" passed away this last week after battling an illness. She has impacted SO many people and now we would love to give back to her family. Coco passed away in a different state than her family and we would like to lessen the burden by raising money. This money will cover the cost of their travel, their time away and making sure that Coco is brought back home where they can have a proper memorial for her. Please share and help the lovely Hass family! We love you Coco!
