

HELP FOR HOMELESS COUPLE AFFECTED BY HURRICANE KATRINA

LET'S DIGNIFY THE LIFE OF GUILLERMO AND HIS PARTNER Last night my sister in law was on waiting for the subway on her way home after work when she saw a couple on the subway floor. She approached them and offered some left overs from a restaurant she works at which they accepted gratefully. She asked them why were they on the subway floor only to find out they were homeless, "Katrina took everything away from us" they said. So she decided to take action and booked them a hotel night so they could have a proper rest. Today she offered to help some more but the are too ashamed to accept it. So let us all do right and help this couple out of the streets. Every dime is appreciated. Please leave us your e-mail in the comment section so you can receive pictures of what is being done with your donation.THANK YOU <3
