

HELP GET SOFTBALL EQUIPMENT TO PLAYERS IN TEXAS #HARVEY

my daughter plays girls fast pitch softball. After hearing about how the teams in Texas had lost all their equipment in the recent hurricane, she and her team mates as well as former team mates gathered all the extra equipment they had, bats, gloves, catching equipment, helmets, bat bags and boxes them up to send to the director of USSSA South Texas to help these girls return to the field. We have six boxes of equipment to send and the cost is more than we can afford. I have not been successful in getting assistance from the major shipping companies so far. We really need to get these boxes shipped!!
