

HELP TO GET HOME

We moved to Virginia to be closer to her family.. well... we have realized its impossible to make it here even with both of us having full time jobs. Were still going into debt for nothing. If we can make it back to Ohio where we both Originally came from, we both feel we can make it there as it is 100 times cheaper there.. anything asap would be greatly appreciated this is to help us get there and have a home to start with..
