

HELP WITH MY EXPENSES AND BILLS

My name is Ronald Maas and I am seeking financial help to pay my medical and household bills which are accumulating very fast. I am suffering from a spine problem and have been off of work now for several months. I have some type of bubbles on my spine and Drs. have been trying to get it under control. I have been using all types of medication now already and nothing seems to be helping yet, The next step will be a series of painful injections into the area that is causing the problems. Surgery is out of the question due to me having asthma. They would have deflate the lungs for a while and that could be very hazardous to me. I have already emptied all my accounts just to keep going and saving everything I have, including my house. All the money I would receive would go to paying my medical bills and my household bills, which some of them I am barely hanging on to right now including my house. I need financial help as fast as I can right now to be able to save my car, my house and some other things like heat and electric. My church cant or wont help, the county I live in cant help, so I am now turning to strangers to help who I hope have a good heart and will help. I sure would appreciate all the help that I can get. I accept donations through this site and also through my home address which is as follows. Ronald Maas 1004 Willman Court Watertown, Wisconsin 53094-6739I will accept cash, money orders, & checks also will accept major gift cards from places such as Walmart . Shell Gas . Kwik Trip. Mobile Gas , etc. Please be kind and help me. I am very serious about this and whole heartily appreciate any thing yo can give.
