

MAROTI A CHOPADE

Hello, we had a love marriage one year ago, and we just had a son, but we don't have any support, my dad passed away too, today I have no work in this lockdown, that's why my wife and my son left. I'm well educated, then I want to start a small business, but I don't have money, that's why I'm lonely today, if you help me a little log I want to start a small business, then my family will come back to me too, and I will help such poor people myself, I can work in this lockdown. Thank you so much
