

NICOLAS' ATTORNEY FEES

I am raising money for an attorney to help fight Cordova Park Apartments. Shortly after moving in, my son started developing a rash. We assumed that it was eczema. However, a few months back we found out through the hospital that Nicolas had a skin infection from black mold. Now, we need an attorney to go after Cordova and prove them as slumlords and make sure they pay for all of Nicolas' medical treatments as well as reimburse us for the cost of moving.
