Dismantling Barriers Building Bridges

SHE WAS WARNED: DISMANTLING BARRIERS BUILDING BRIDGES

As part of City College's Social Justice Conference, AFT (American Federation of Teachers) Local 1931 and the San Diego chapter of NOW (National Organization of Women) are sponsoring the second annual Women's History Month story telling event. She Was Warned: Dismantling Barriers, Building Bridges celebrates the San Diego women making history right now. So many Women's History Month events honor the same cast of women. Given the new political climate, and the renewed activism by and for women, we want to highlight that women's history is inter-sectional. So instead of honoring famous women, this event recognizes and celebrates the work that San Diego women are doing to dismantle barriers and build bridges. Broadly, the event consists of ten ordinary, diverse, San Diego women taking ten minutes to tell their story. If you are committed to valuing and promoting all women, we would so appreciate any donation you could make. We will use the money to: Provide stipends for speakers; Print flyers and programs; Print tee-shirts; Pay for sign language interpreters; Pay for a photographer and videographer. Any funds raised over the needed amount will be donated to the San Diego Chapter of the National Organization for Women. The event is scheduled for Tuesday, March 20 @ 7:00 and will be held at the Black Box Theater on the campus of San Diego City College. Any donation amount helps and is greatly appreciated. Space is limited but tickets are free. Get yours today! goo.gl/5bFAUz
