

**Sleep bag for homeless**  
**60.000 homeless in New Y**

## SLEEP BAG FOR HOMELESS IN NEW YORK

We are a non-profit group of friends who want to give sleeping bags to homeless people in New York. Temperatures are getting lower and there are many people suffering out there. We will take care of the purchases and distribute them for free. We will make videos and graphic reports so you can follow us. Any input is welcome. There are more than 60,000 homeless people in this city. Without your help we can not be of help.
