

THE AUTUMN FUND

My 2yr old daughter lives in Chicago, I live in Texas. It would definitely be a miracle blessing to spend Christmas with my daughter. I only get to see her a couple of times per yrs, due to my disability. I cannot get to spend holidays or even her birthdays with her. She would love to be able to come to Texas with her mom to spend Christmas for the first time with her mom and dad. They are unable to afford the trip. Please in Jesus name we ask for you to let us have our first family Christmas. To get Autumn some age appropriate gifts for her as well as needed things such as clothes and other needed items. We thank you in advance for a family Christmas for little Autumn. Whatever you can give will be greatly appreciated \$1,\$5, or \$10 whatever you can bless us with. It will all add up. Please help us with our child with a very blessed Christmas God bless you &Thank You
