

TO REPLACE CAR I LOST TO FIRE

I am a senior citizen living on a small monthly check AND I make extra money selling something so I can pay my bills. I had a mini van to haul my stuff in. I think the catalyst converter overheated and caused fire. I had no full coverage insurance on my car. I need money for a mini van. This was my Only transportation and I live in country so I need it for Doctor appointment and food. I will appreciate any help you can help me with. I am a Christian and rather give than receive but I am in a desperately need. GOD BLESS you for your generous donation
