

U HELP UGANDA

Our names are Ebba and Cissi and we are raising money for school supplies to take with us to Nebbi, Uganda, where our dad is volunteering as a surgeon. We will be tutoring English at St. Monica Nursery and Primary School, which is a very poor school facing many challenges. The school has 227 students, including 18 orphans, ages 3 - 14. Some of the hardships they face are lack of textbooks, poor conditions, shortage of beds for the boarders, unsanitary bathrooms, and a lack of computers and hands-on tools for science. We asked the principal for a wish list of items we can bring, and here is what he requested: 1. Toys for ages 3 - 6 years 2. Crayons 3. Colored pencils 4. Easy reading books 5. Board games and puzzles 6. Hands-on learning aides: stencils, plastic beakers, rectangular and triangular glass prisms, microscopes, lenses, measuring cylinders 7. First Aid Kit with handbook Every penny donated will be used to buy educational supplies for this school. We already raised \$98 through lemonade stands and will continue selling lemonade to raise funds. Thank you for all your support! U can help Uganda! Ebba and Cissi :-)
