

WWi Missing & Lost Inc A Non-Profit Organization

WORLDWIDE INVESTIGATIONS LOOKING FOR SPONSORS/DONORS FOR NON-PROFIT ORGANIZATION

Founded in 2014, WWi Missing & Lost Inc is a 501c3 tax exempt non-profit organization. Kevin Stewart is a private investigator who has worked many cases; wrongful death, murder for hire, child protection, parental abduction, and missing children and adults. After 25 years of investigation experience and over 30 cases of missing people, he was getting discouraged having to tell numerous families of missing children "no" due to the cost of the case. He witnessed the need for specialized services that catered to the needs of the families and the missing. Such services are often prohibitively expensive; leaving many families without the additional help required to search for their children or loved ones. Many cases are unsolved and have happened right here in the United States of America. In Oklahoma alone there are currently 78 open cases. Every year, it is estimated that over 900,000 children and adults are reported as missing and/or stolen. Adding up to approximately 2,300 people per day in the United States. In fact, as of 1975, 3000 people per year who have been reported missing still have not been found; nearly 120,000 people to date! Most people are not aware of these facts. The number of children and individuals that are taken against their will by predators and pedophiles, or children and individuals that were taken by unknown people for the purpose of selling them into slavery is growing every year. Without a doubt, all of this sounds cruel and heartless, and it is. It is for the growing percentages of these people that WWi Missing & Lost Inc. has been organized. This organization is made of highly qualified individuals that specialize in the field of missing person cases, who have a dedicated passion to find these reported missing persons. Sadly, law enforcement agencies, as well as they perform, are usually under-staffed, under-funded and overrun with other reported crimes that they must investigate. WWi Missing & Lost Inc. is totally focused on finding missing persons. Our agency is not to take the place of law enforcement, but to assist them in any way possible and provide any information that we may have obtained

for the purpose of resolving an open case, especially those that involve human trafficking. Our organization strides on helping the families that have missing loved ones, giving them more hope in finding them. This is what WWi Missing & Lost Inc. is all about.
